

Silver Springs

The morning of January 7 dawned bright and beautiful. All the ponies arrived to the West Palm Beach Service Plaza on time and the stampede to Silver Springs began. At about mile marker 173, the Stringert's '88 threw a shoe. Luckily Staci and Victor Jovi were close behind, followed shortly thereafter by Herb and Barbara Gauch. Even a nice state trooper stopped to offer assistance. It took some muscle work to release the donut from its 22 year resting place, but eventually it was on, looking ridiculously stupid. Contact was made with our faithful leaders, the Silvey's, and the caravan was all back together at the Canoe Creek Service Plaza. After a few calls, we decided to have the tires replaced in Kissimmee and then move on to our lunch spot. Pep Boys in Kissimmee came through and put four new shoes (due to dry rot) on the car and we were off yet again. We arrived at J&D Boondocks in Howey-In-The-Hills about two hours late, but better late than never! The lunch was delicious and the lake side setting was beautiful. We will definitely visit this place again. We got back on the road around 4:00 and headed toward the Hotel. But, where's Herb? Missing in action! So, the stampede pulled off at the Turkey Lake Service Plaza so we all would be travelling together again.

The morning of the show was sunny and warm, with no snow! Our club had the best possible parking spot - directly on the spring, you could view our cars from the glass bottom boat ride. A wonderful day was spent at the park viewing cars, cars and more cars, enjoying glass bottom boat rides, jeep rides and seeing all the animals and shows. We returned to the hotel for a nice evening swim, dinner out and socializing at Jean and Carrie Barineau's hospitality room.

Sunday morning came much too early. The group left the hotel for a beautiful drive through the Ocala National Forest and lunch stop. Another great trip to Silver Springs!
