

July 27, 2009

Hello All,

Hope everyone is enjoying their summer and managing to stay cool. There is not a lot going on in the world of cars right now. Our next targeted event will be the Caladium festival the last weekend of August in Lake Placid. Right now it looks like we will have a good turnout for that event.

Please keep in your mind and on your calendar that October 3<sup>rd</sup> will be our next big fundraiser at Maroone Ford. We hope to be able to make this a very big and very profitable show so please plan on turning out and helping the club.

This past weekend a few of us turned out for the Sunrise Classic Car show that was sponsored by the local merchants. The show was organized by Russ Gagliano and benefited the Wounded Warrior program.

This turned out to be an interesting event in that one of the local establishments recently became Karnaval, an alternative / gay bar. Very nice place and the manager was a lot of fun. Late in the day there was entertainment for all by a drag queen. Very funny.

Joyce Kresge received a trophy for her 1994 Mustang. This is mostly because this was not a well attended show, rainy day and all. I received a trophy from Karnaval as their pick. Now don't misunderstand, oddly enough it was Lerryn that they seemed smitten with and not me. LOL! Check out our picture.

See you all on Wednesday.  
Rob Latimer
