

Patients at the Wellness center with Gene Barineau's Mustang

On Monday, March 7, 2011 the Ft Lauderdale Mustang club was invited to the Louis and Anne Green Memory and Wellness center at Florida Atlantic University in Boca Raton, Fl. The Center was celebrating the birth of the Mustang and wanted some club members to bring their cars for the participants to view. I was able to attend and as it turned out was the guest speaker. I spoke to about 40 people about the club, my mustang and answered some questions about the Mustang Club of America. They were then invited out to view the cars. Many of the participants were previous owners and could relate to my 1966 mustang and asked a lot of questions about the restoration process. There were 2 cars present. My 1966 and an employee's 1998 that was driven every day. A great time was had by all!
